

BULGARIANS GRIEKS FIGHT FOR BALKAN FRONTIER

Armistice of Five Days to Be Renewed While Peace Negotiations Go On

INDEMNITY ASKED FROM BULGARIA

If Terms Accepted Bulgaria Will Enlarge With Slightly More Territory

By Bulletin Leased Wire.
London, Aug. 1.—The allies in their demands presented to the peace conference today proposed the establishment of a frontier standing east from the straits of Bosphorus, midway through Roumania, and reaching the Aegean Sea, sixteen miles west of Deodagatch. This would leave Bulgaria a coast line on the Aegean Sea of less than thirty miles.
If these terms are accepted Bulgaria will lose from two to three times larger than when she entered into the war, but she will have to abandon a large amount of territory in Roumania. In addition the allies maintain the demand for the return of the Serbians and the Greeks have fought themselves to a standstill. The dispatch to the allies from Belgrade asserts that the consul of the Serbian army in the last month of fighting of the Serbian army 25,000.

20,000 PEOPLE VISIT WARSHIP NEW ZEALAND

Vancouver, Aug. 1.—Lord is estimated that over 20,000 persons visited the battleship New Zealand today. In the forenoon the officers were entertained by the council at North Shore to luncheon, at the famous Capricorn Canyon.

Replying to the toast of the royal navy, Capt. Bailey took exception to the statement that Canada should be ashamed of itself that it had allowed a small dominion like New Zealand to get ahead of it in the matter of constructing a battleship. He was confident that the British navy was in a position to do anything and in whichever way assisted the motherland he was certain it would be right.

OFFERED \$50,000 TO VANISH HE HAS ALLEGED

Principal Witness in Big United States Case Makes Sensational Charges

San Francisco, Aug. 1.—At a conference with the special counsel who will prosecute the Western Fuel Company cases here this month, David G. Powers, formerly an employee of the company, and now the chief witness for the government, said today that he had been offered \$50,000 if he would vanish. Powers gave the names of those who had approached him, and in charge of the case as assistants to the attorney general, decided to discontinue Powers' story by saying: "We shall vigorously prosecute every person connected with this inquiry."

The president and directors of the Western Fuel Company are charged with having defrauded the government of customs aggregating \$1,000,000, one of the chief witnesses showing the testimony of import duties.

This is the second charge of corruption against the company, which was returned. When John L. McClellan, former United States attorney, was charged in a sensational letter to President Wilson that pressure had been brought to bear on the late Mr. McClellan to obtain the trial postponed.

German Army Officers Now Being Tried

Evidence in Case of Former Agent of Krupp Works in Berlin, Named Brandt

Berlin, Aug. 1.—The greater part of the second day of the court-martial which is trying four lieutenants, the chief clerk and two non-commissioned officers of the Prussian army, charged with accepting bribes for giving military information to the enemy, was spent in hearing the testimony of a former agent in Berlin named Brandt of the Krupp works.

The witness is being deposed in a waiting room, and is to be taken to the court on a charge of bribery.

Brandt, who is an ex-convict, testified that on beginning his work in Berlin for the Krupp company, he spent some of money amounting from \$25 to \$100 monthly, for which he received a receipt from the company.

Later, he said, an arrangement was made with the company by which he received a yearly remuneration of \$500, which he used in an unaccountable manner.

LLOYD GEORGE TAKES A FLING AT THE PEERS

Chancellor of the Exchequer Addresses Audience of 10,000 at Carnarvon

DEMOCRACY CANNOT LONGER TOLERATE LORDS

Arrogant Claim to Make Laws for 45,000,000 People by Right of Heredity

London, Aug. 1.—David Lloyd George, chancellor of the exchequer, addressed an audience of 10,000 persons at Carnarvon yesterday made a remarkable speech wherein he appealed to the democracy against the House of Lords.

The chancellor did not spare his language in denouncing the peers. In demanding the abolition of the Lords he said:

"The premier has announced that next year he will introduce a measure for a new second chamber. It will be a chamber in which all parties and all sections and all creeds will have equal treatment."

The speaker of the chancellor's remarks were:

"Democracy stands in greater peril than for generations in this country under the present system. Liberal governments would have no chance, not by a far, except such as the Lords vote for them. A Liberal premier would have to go around to the Lords and ask the better to tell him the Lords' orders for the day. The peers are prepared to resort to violence to prevent the House of Commons from even discussing a measure which they disliked."

Tory bills were treated as members of the family in the Lords. Liberal measures had to leap wide intervals unless speeded in the measure.

There was really two constitutions, one for Tory governments and another for Liberal parliaments. The Tories wanted to choose their own law in a court. The Tories were negotiating a revolution but the men who precipitated revolutions never saw them through.

"No self respecting citizen could tolerate any longer the arrogant claim of these peers that heredity without authority from the nation gave them the right to fashion to their own ends the ideas and the laws under which 45,000,000 people are governed."

Continues Attack on Tariff Bill.—Washington, August 1.—Senator Droun, of North Dakota, continued his assault in the Senate on the Underwood-Simmons tariff bill, denouncing it as a criticism of the agricultural schedule. He compared the proposed rates on all agricultural products with the tariffs of other countries, and asserted that in everything the farmer raises he will be put at a great disadvantage.

Brandon Girls Missing.—Brandon, Man., Aug. 1.—Two Brandon girls, both under age of 14 years, are reported to have been taken last night without their parents' consent, in company with two other girls, and have not been seen since. The girls belong to very respectable families and are supposed to have some money in an auto. One of them took with her a parcel of clothing. The matter is now in the hands of the police.

DOG ENTRIES DO NOT CLOSE UNTIL MONDAY

Management of Exhibition Extended Time for Kennel Entries Until August 10th in Accordance With Rules of Dominion Kennel Club.

The management of the Edmonton Exhibition Association have extended the time for kennel entries to Monday, August 10th, in accordance with the regulations of the Dominion Kennel Club, which will afford ample time for entries to come in from outside points, well as permitting local dog fanciers who have heretofore neglected entering to still have a chance to do so.

Of the three hundred classes in which entries have already been made, the bulldog breed predominates, and perhaps is apt to add that these are mostly entries from the gentlemen.

In the ladies' entries, Pomeranians, Maltese and French poodle lead in numbers.

A Pekinese, which is perhaps one of the rarest breeds seen in Western Canada, has also been entered for exhibition.

HE DIED AS TRAIN PULLED IN STATION

Harry E. Weinman Is Victim of Murder. James Walters Is Held by the Police.

Winnipeg, July 31.—A murder case upon Harry E. Weinman, a resident of Winnipeg, Sask., at one o'clock this morning caused his death. Weinman was brought from Verigin to the city in the special car of Sir Louis Mann which left Verigin about 1:20 o'clock this afternoon.

"We're in now. Keep up your courage," said Dr. Foley, of Kamnask, as the train pulled into the Union Station.

"That's good," answered Weinman, and then turned over and died.

James Walters, of Verigin, who made the deadly attack, waited in his home for his arrest, and was held until a charge being made upon Weinman's condition should become settled. His preliminary hearing was heard this morning.

Acting Coroner Ritchie will decide this morning whether or not to hold a post mortem in Winnipeg.

Aviator Flying Around Manitoba.—Brandon, Aug. 1.—H. W. Blaney, the Halifax aviator who has been flying here, during the Dominion fair, left Brandon at 5:10 this morning on his flight to Winnipeg, landing here and around in the northern Manitoba town in exactly 25 minutes 29 seconds. The distance, as the crow flies, is forty-four miles. Blaney will fly at the Dominion fair, and will fly to Virden, afterwards returning to Brandon by the aerial route.

THREE KILLED IN COLLISION OF ONE TRAINS

Two Others Fatally Injured and Score Dismounted for at Altona Docks in Duluth

ACCIDENT WAS DUE TO CARELESS SWITCHING

Dock Laborers, Indignant Over Accident, Go on Strike and Picketing Caused

Duluth, Minn., Aug. 1.—Three men are known to have been killed, two more fatally injured, and thirty others injured in a collision of one train at the Altona docks last night. The men fatally injured are now expected to live through the day.

Indignant over the accident, 250 dock hands struck.

The accident is believed to have been due to careless switching. A moving train ran into a standing train, throwing the workmen into the air and covering them with ore. Within a minute several injured workmen were on the scene, and digging into the pile. All the ambulances in the city and a dozen doctors were summoned. The injured were removed to a local hospital while the dead were put in a switch house. Picketing started on the first day was found. Suspended work, 250 men stood about in groups or ran to the scene of the accident, crying for vengeance.

Wreck of the dead hurried to the docks and added to the confusion. The dock managers ordered work resumed but the foremen refused. Dock police then took charge of the docks. A number of boats loading at the docks will be delayed until an agreement with the striking laborers is reached.

CONTINUES HUNGER STRIKE.—Suffragette, After Release From Prison, Will Refuse Food.

London, Aug. 1.—Mrs. Wyatt, the militant suffragette, who was released from Holloway jail after a hunger strike, although she protested against her release unless it was made unconditionally and the government undertook its responsibility, has adopted a new form of protest against the refusal of the government to grant votes to women.

Mrs. Wyatt is continuing the hunger strike as women in jail, and says she will keep it up until the government triumphs. She has refused food since she was sent to a nursing home in the west end in the charge of wardresses.

Britain, France, Germany and Italy Demand the Pacification of Mexico

European Powers Insist That United States Bring to End Bloodshed and Destruction of Foreign Property in Mexico—Big Fleet Ready to Enforce Demands if the United States Refuse to Act.

Washington, Aug. 1.—Complete and authoritative details as to the protest of foreign powers against the inactivity of the United States in protecting foreign subjects in Mexico and as to the reason for the recent summoning of Ambassador Wilson from Mexico City were obtained today.

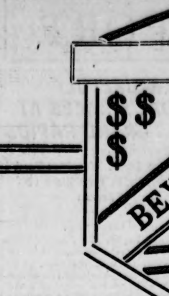

Extreme resistance has been encountered by the White House and the state department as to the nature and scope of foreign pressure upon this government in relation to Mexico. All that has been publicly known is that representatives of some of the powers made by France, evidently angry enough in their nature to cause President Wilson and Ambassador Wilson to come to Washington forthwith.

Must Bring Flinging to End.—Information concerning the action of the European powers, which throws more light on the Mexican situation and reveals the fact that drastic action is imminent, can now be presented in Washington has interrupted the foreign protests as meaning that the United States must bring an end to bloodshed and destruction of foreign property in Mexico or the European nations will send armed forces and look after their own interests.

Four French men-of-war are within quick striking distance of Vera Cruz; four German warships are in the Caribbean; several British cruisers are in British waters in the West Indies; two British cruisers are within two days' run of the western Mexican coast; and Italy has dispatched several cruisers to points within reach of the Mexican coast.

Europe Heavily Interested.—A conference of ambassadors of the European powers was held in Paris in the middle of May to discuss the Mexican situation. The conference had before them reports from the representatives of Mexico and from the respective governments. These reports were in substantial agreement as to the facts. The figures showing the number of subjects of each government residing in Mexico and the amount of money invested in Mexico by the people of each European government were before the conference. It appeared that the joint investments of Europe in Mexico were greatly exceeded the total investment of American money in Mexico.

PIT LASSIES ARE BARRED IN ALBERTA

Employment of Women in Mines
Prohibited by New Mines Act
Now Operative

WAGES MUST NOW BE
PAID BI-MONTHLY

Miners Will Have Two Pay-Days
in Place of One—Hid to
Sue Credit Before

The new Mines Act for the province of Alberta, passed by the last session of the Legislature, came into force yesterday. The act which prohibits the employment of women in mines, and which also provides for the payment of wages bi-monthly, is now operative.

The change by which the men will probably be most immediately affected is that clause which states that women shall be paid bi-monthly instead of monthly as at present. This change has been demanded by the miners' representatives in England, and the new act is a concession to their demands. The new act also provides that wages shall be paid in advance of the month in which they are due. This is a concession to the miners' demand that wages should be paid in advance of the month in which they are due.

Wages Bi-Monthly

The change by which the men will probably be most immediately affected is that clause which states that women shall be paid bi-monthly instead of monthly as at present. This change has been demanded by the miners' representatives in England, and the new act is a concession to their demands.

Under the new act the employment of women in mines is prohibited, so that "pit lassies" must quit.

Very few women have been employed above ground in the mines, although the pit lassies have been common in England. The new act is a concession to the miners' demand that wages should be paid in advance of the month in which they are due.

Increased Safety

The new act also provides that wages shall be paid in advance of the month in which they are due. This is a concession to the miners' demand that wages should be paid in advance of the month in which they are due.

RUSSIA AND GERMANY DECIDE NOT TO PARTICIPATE IN PANAMA EXPOSITION

Following Action of Great Britain Announcement, It Made by Two
Other European Countries to Effect They Will Not Officially
Exhibit at San Francisco Exhibition

Edmonton, Aug. 2.—Although the German government of the interior decided today that Germany had not yet taken any action in regard to the question of participation in the Panama-Pacific Exposition in San Francisco in 1915, the opinion is freely expressed in official circles that the German government will not be represented there. It was pointed out today that the British government's decision not to participate in the exposition is a precedent which the German government is likely to follow.

A MOST 9,000 NEW NAMES ADDED TO VOTERS' LISTS; TOTAL NUMBER IS 26,863

Lists for 1913 Faxed and Now May Be Examined by Citizens—The
Number of Tenants on List Shows a Substantial Increase—
Citizens Are Urged to See if Their Name Appears on the List.

Showing a total of 26,863 voters in
the city of Edmonton, the voters' lists
for 1913 have been faxed to the
quarters of the city Thursday evening
by City Assessor Walter
Preston, in accordance with the
provisions of the city charter.

The voters list for last year showed
an increase of 9,000 over last
year, when the total was 17,863. The
number of tenants also
showed a substantial increase, so
that there is fairly likely to be the
same addition on paper last year over
the tenants' franchise.

That the Shooting Was
Accidental

One of his two companions shot dead by a bullet in the remarkable result of a hunting expedition by Otto Rudolf, a German lad some seventeen years of age. Young Rudolf, who lives with his family in a German settlement about fifteen miles from Fern, on the G. T. P. line west of Edmonton, is now in the cells at the Mounted Police barracks on a charge of wounding Fritz Maurer, 26 years of age. The facts so far known to the police are somewhat meagre, but it appears that Rudolf returned to his home with a bullet wound in his jaw, which he said had been inflicted by his companion Rudolf. Rumors of the affair reached the police and the boy was apprehended in Edmonton on Thursday by the R. S. W. M. I. after a short chase.

Second Boy Missing.
As the result of inquiries instituted by the authorities it was learned that another lad, Carl Mail, had been seen

Fort George

EDM.—Bella, Georgia. You have been here some days I see. You said you had fast money. Good deal coming from Vancouver. EDM.—That is, see you good, and that in spite of what people said against you. You had phish, mink and confound.

GEORGIE.—Yet and better still, Fort George has the goods, yes, for me.

Mr. Burns Makes A Call

One day, just a short hour ago, a keen business man, we'll call him Mr. Burns, though that wasn't his name, called on a McClary agent.

He said he was convinced that McClary's Sunshine Furnace was an economical furnace, because a Sunshine had cut one of his neighbor's coal bills by one-third. But he wanted to know more about the durability of it.

So the McClary agent told him how careful McClary's was to use the very best materials. That nothing was considered too good for the Sunshine.

He told about the fine quality of the steel used in the dome and radiator. He explained how the cup-joint construction provided ample room for the contraction and expansion of the fire-pot.

He told him about the fire-pot made of smooth close-grained semi-steel—a material that destructive sulphur fumes cannot penetrate.

He showed him how, by changing around the sides of the three-sided grate bars every day or two, the life of the grate was made three-fold.

He showed him the large feed and ash pits, covered with water pan, simple and clean, and, in short, everything about the Sunshine.

When the agent was through, Mr. Burns shook him cordially by the hand, thanked him for his frankness and walked out, without giving the agent a chance to close the sale.

But next day, Mr. Burns' architect phoned the McClary agent and told him he had an order for him to install a Sunshine Furnace in a new house.

spanned the young men on their hunting trip, but had not returned with them to the settlement. Rudolf was questioned about the matter, and admitted that he had shot and killed Mail. He claimed, however, that in both cases the lad had been fired by accident. He was using a .30-06 automatic pistol, and explained that in each instance the woman had gone off while he was recharging the magazine. The boy preserves an unblemished record, and does not appear to feel in any way the position in which he has placed himself.

He will be formally charged with wounding Maurer, and will then be remanded to the police. Further investigation by the police into the more serious case of the affair, in the meantime, diligent search is being made for Rudolf's body, but so far it has not been found. Maurer's wound is still aching, and he will remain for the present time at his home.

Facts Look Striped.
The police are greatly puzzled over the case. Two persons should be shot by accident almost at the same time and by the same person appears so unlikely a contingency as to invest the case with a very sinister appearance, but the apparent absence of motive and the uncorroborated statements of the lad Rudolf would lead to the supposition that his version of the case may be true.

Rudolf came to Canada a short time ago from Wurtemberg.

Calgary Will Not Pay High Rate of Interest

Will Not Let Treasury Bills Bear
Over 6% Per Cent Interest to
Chicago Firm

Calgary, August 1.—Calgary does not need to pay six and a half per cent for money obtained by treasury notes, it was decided at a special meeting of the Finance committee of the city council today, as a proposal received from Chicago, by Mayor Smead, asking if the city would accept an offer made to him for the purchase of \$1,000,000 of treasury bills at that rate, was turned down.

It was stated that the city was not pushed for money at the present time, and that there did not appear to be any need of the city paying a higher rate of interest than it was being paid in London, as it would increase Calgary's credit.

AROUND THE CITY

Judge Jackson, of Lethbridge, is
 in the city on business.

City Treasurer Harrison has been
 authorized by the commissioners to
 make the final payment on the gold
 coin park, purchased last year from
 the Hudson's Bay Company.

Dr. W. D. Ferris, on behalf of the
 medical men of the city, has asked
 the city commissioners to make some
 attempt to put the roadway from
 11th street to the Royal Alexandra
 Hospital, in as good a general condition.

The marriage was solemnized last
 evening, at the First Presbyterian
 church, by Rev. Dr. McQueen, of
 St. John's, to Mr. Geo. Wakeford, of the
 customs department, both of Edmon-
 ton, and Mrs. Wakeford will reside
 on the South Side.

TELEPHONE NUMBER 912

 entries numbered in July last year
 numbered 718.

IN CITY POLICE COURT

There was not a great amount of
 business before police court yesterday
 with after the usual manner, being
 fined 11 and 12 cents respectively.
 The hearing of the charge of illegal
 sale of liquor against Joseph Campbell
 and of theft against Mrs. K.
 Campbell was adjourned to August 10th.
 Mabel North, convicted on a charge
 of vagrancy was fined \$10 and 12 1/2
 cents, with the alternative of 30 days
 imprisonment.
 For crossing between intersections
 Fred Walker was ordered to pay 45
 and 12 cents, to undergo 10 days
 imprisonment.
 A remand to 2nd of August was
 granted in the case of Charlie Cook,
 charged with committing damage to
 property.

IS CHIEF OF POLICE

Superintendent Crumley has no desire
 to see the White Way Lighted
 system dropped for another year. In
 a recommendation to the city
 commissioners he strongly urges that
 the installation of the intensive lighting
 system on First street and N. Main
 street from Jasper avenue to the
 railway tracks at least, as the present
 lighting on these streets is not
 Jasper avenue is better lighted, com-
 mercially and might be allowed to
 go over for a year.

However, the superintendent points
 out that the department already has
 spent \$7,521.34 on this work, leaving
 some \$13,000 of the appropriation.
 He thinks it would be better to go
 ahead and finish the work now, and
 get some return on money invested,
 rather than to have the department
 pay interest on the capital and
 machinery.
 The recommendation was tabled
 for further consideration although
 it is understood that the commissioners
 are inclined to agree with Superin-
 tendent Crumley in his view of the
 matter.

ASSESSMENT APPEALS

Judge Crawford has fixed August 21
 as the date on which he will hear ap-
 peals from the year's assessment
 which are to be carried to the district
 court.
 There are but five appeals that are
 being carried to the court of appeal
 on the assessment this year. The
 Canadian Northern Railway is appeal-
 ing against the assessment of all its
 terminal properties, taking the same
 grounds as they did last year. It is
 understood, Judge Crawford has de-
 cided that the answer may result in
 no assessment at all and the termina-
 tion of the way. The Canadian
 Northern, however, has accepted an
 order from the Supreme Court of
 Canada, and is now paying the taxes
 for last year, and the matter is
 to be heard on appeal this fall before
 the Supreme Court.

UNION BANK HAS PRESIDENT

The flag over the Union Bank in this
 city has been flown at half-mast today
 in memory of the Hon. John Sheppard,
 of Quebec, the first of the W. J. Shep-
 pards, lumber merchants. Mr.
 Sheppard was honorary president of
 the Union Bank and prior to the re-
 moval of the bank's headquarters
 from Quebec to Winnipeg, was asso-
 ciated with the management of the
 bank as president.

REFERRED TO COUNCIL

The city commissioners decided
 yesterday to refer the claim of the
 compensation, arising out of the death
 of the Hon. John Sheppard, to the
 council. The city council is of the
 opinion that this matter does not
 come under the terms of the
 city's Compensation Act, and has
 advised the commissioners accordingly.

NEW BLOCK FOR JASPER

A three-story brick and stone store
 and office block will be erected on
 Jasper West by Captain Palmer, of
 London, England, who has recently
 been spending some time in the city.
 The block will be on the south
 of Jasper, between Fifth and Sixth
 streets.

Plans have been prepared by
 Messrs. Magoon & Macdonald, and it
 is expected that the contract will
 be let in about a week's time. Work
 will be commenced at once.

Lost His Life By Steel Rails Falling on Him

Sidney Patterson, an Employee of
 the Street Railway, Killed
 When Car Tips

An accident, which resulted in the
 death of Sidney Patterson, an em-
 ployee of the city street railway, took
 place on Thursday night, July 24th,
 at the new car barn in 10th
 street. Patterson was assisting in
 loading a car on a track, and
 during the process the car, having
 been overloaded on the side at which
 he was standing, tipped and fell
 on him, inflicting injuries
 which proved fatal. He was taken
 to the Royal Alexandra Hospital,
 where he died at ten o'clock
 last night.

Patterson boarded at 221 McLaughlin
 street. He was a native of Liver-
 pool, England, where his step-mother
 and one brother resided. Deceased
 was a member of the Masonic Order.
 An inquest will be held at three
 o'clock this afternoon at Connolly &
 McMorris' undertaking parlors.

OKLAHOMA BAD MAN ATTEMPTS TO HOLD UP MOTOR-CAR

Reuben Hays, a desperado in
 Minneapolis.

Minneapolis, Aug. 1.—At 10:20 last
 night a motor-car from Oklahoma,
 armed with a loaded revolver and
 masked by a bandana handkerchief,
 attempted to hold up a motor-car
 manager, and Edward Lusk, a
 member of the Gladiators Motor-Car
 club. The car was stopped by the
 police and the desperado was
 taken to the Oklahoma Northern depot,
 where the bad man hung on the rear door
 and climbed in. He was masked and
 armed and shooting the revolver
 against Mr. Corcoran's back, saying as
 he did so, "Get out and you are dead
 men; keep the car going until you
 are away out in the country."

Corcoran, however, did not
 Mr. Corcoran drove the car up Nicollet
 avenue, at a point just above Wash-
 ington avenue, he stopped the car,
 disarmed and blindfolded the desperado
 and took him to the police station.
 The "bad man" now the exchange
 and know that things were
 not going well for him, and he
 attempted to escape. He was
 captured and is now in the city
 jail.

Fire Bug Still Operating

Brandon, Man. Aug. 1.—What
 looks like a continuance of the fire
 bug here was perpetrated yesterday
 afternoon, when fire was discovered
 in a store on a corner of the
 B. A. Church, a local man, had put
 a fire in the store. The fire was
 extinguished at once and the build-
 ing and contents saved.

PARSONS RECOMMENDS ENCLOSING FILTERS

Says Water Could Be Heated, and as
 Filters Would Work All Year
 Round Clear Water Would Be
 Available in Early Spring.

Superintendent Parsons, of the
 power plant, has recommended to the
 city commissioners that it should be
 a good thing to enclose the filtration
 plant for the winter months.

"The cost of shutting down the fil-
 ters," says Mr. Parsons, "during the
 winter, and resuming them in the
 spring, is about \$10,000. It is impos-
 sible to restart them until danger
 from frost is passed, and there-
 fore, if the water has to be supplied
 to the city for some weeks every
 spring under present conditions,
 it is not a great expense to en-
 close the plant for the winter."
 As it now appears unlikely that
 we can have the new filtration plant
 ready for the commencement of the
 next winter season, it is essential that
 we continue to do the very best we
 can with the present installation.
 It is recommended therefore that the
 plant be enclosed for the winter, and
 that the water be heated by the
 power plant, and that the water be
 pumped through the filters, and then
 through the water tower.

"We can raise the temperature of
 the water by 10 or 12 degrees by
 passing it through our condenser,
 and this will tend to prevent it from
 freezing. Further heating, or trans-
 forming, either by means of steam from
 the pumps, or by means of steam from
 the power plant, would, however, be
 necessary as well."
 Mr. Parsons does not adopt my recommendation
 to house the plant, as he says that the
 expense of amputing the water
 from the power plant, and having
 it pumped to the water tower, is
 pointed out to be \$1,000 annually. We
 should also be able to raise the
 water to the city when the ice
 is out, providing the engine
 is not used. On the other
 hand, the housing of the plant
 would be a certain charge for
 insurance and for heating in the winter.
